

Alzheimer's and Dementia Care Referral Services

Alzheimer's and Dementia Care Services help seniors cope with challenges of their disease while enabling them to remain as independent as possible.

Specially screened and pre-trained caregivers provide the highest quality of care, while maximizing capabilities and independence. All client directed activities are personalized and centered on things the senior enjoys such as taking walks, going to lunch or a movie or planting flowers in the garden.

Caregivers understand how important it is to convey respect, empathy, optimism and humor to build a trusting relationship.

Alzheimer's and Dementia Client-Directed Care Services may Include:

- Arts and crafts and other meaningful activities
- Assistance with medication reminders
- Assistance with ambulating and exercise as prescribed or desired
- Encouraging social interaction, outings and friendship
- Early management of behavior changes
- Healthy meal planning, preparation, and hydration support
- Maintaining a safe and calm home environment
- Personal care services such as bathing and dressing
- Provide memory-enhanced activities and games
- Scheduling and maintaining a calendar
- Support and encouragement to the family
- Transportation and escort to appointments and errands*

* courtesy transportation available for ongoing clients based on availability
